

International Journal of Darshan Institute on Engineering Research and Emerging Technologies (IJD-ERET)

About the Institute

Darshan Institute of Engineering & Technology, is a leading institute offering education in Degree engineering in multiple discipline namely Civil, Mechanical, Electrical, Computer and Electronics and Communication. The institute also offers Post Graduate program in Structural Engineering and Electronics and Communication Engineering. The institute is managed by Shree G. N. Patel Education & Charitable Trust and is recognized by All India Council for Technical Education (AICTE), New Delhi and affiliated to Gujarat Technological University (GTU). With a goal of achieving excellence in all our academic and engineering endeavors, we carry out number of activities along with committed academic work. Some of our activities recognized and appreciated by community are Energy audit, consultancy work in various domains of engineering, software development, etc.

About the Journal

Aim and Scope:

The “**International Journal of Darshan Institute on Engineering Research and Emerging Technologies (IJD-ERET)**” is an open access peer-reviewed international journal publishing high-quality articles related to all domains of engineering. The Journal is published by Darshan Institute of Engineering and Technology, Rajkot, India and has periodicity of six months. All the papers are blind reviewed to ensure the originality and relevance of the work and also to enhance the objectivity and fairness of the review process. The Journal has no publication fee and the accepted papers will be available on-line (free access). Printed version of the Journal will be distributed free among different institutes and organizations for the benefit of the community.

The Journal considers un-published original articles of following types for publication.

- **Research Articles:**
Technical article describing original research work or novel product/process development.
- **Review Articles:**
Technical article presenting comprehensive study of already existing findings.
- **Comments:**
A short article that makes comments on another article already published by this Journal or replies to the comments
- **Selected conference articles:**
Upon an agreement with a conference committee, selected papers may be published by the Journal either as a special issue or as a special section in the Journal.

The scope of the Journal extends to wide areas of core engineering and interdisciplinary studies.

Editorial Body:

Editor-in-Chief

Dr. R. G. Dhamsania,
Department of Civil Engg.
Darshan Institute of Engg. & Technology, Rajkot

Managing Editors

Dr. D. D. Vyas,
Department of Electronics & Communication Engg.
Darshan Institute of Engg. & Technology, Rajkot.

Dr. D. R. Bhojani,
Department of Electronics & Communication Engg.
Darshan Institute of Engg. & Technology for
Diploma Studies, Rajkot
